💼 PROJECTS

1-Commerce site Responsive on all devices is a sale and purchase
you can publish the product you want to, but must approve the administrator
of the product to be displayed on the site also you can modify and delete
easy you want There are also services provide easy communication with Owner
by request a friend send to the owner of the product and then accept
and start a process of conversation with the seller to agree on Details necessary
for the purchase process and there is also a contact form to communicate
with the administrator and report any problem
and there is also a full control panel to control the site
•Technological used :HTML,CSS, JQuery,Bootstrap,wow.js ,PHP,MVC
,Laravel Framework,Socket,Ajax

2- Design three templates Responsive on all devices
